

Call for Medical Posters: International Trichoscopy Society Congress.

This is an excellent opportunity for researchers, clinicians, and industry professionals to showcase their work and contribute to the advancement of knowledge in the field.

We invite individuals and teams to submit their original research, case studies, and clinical findings in the areas of trichoscopy, nails, and anti-aging. Poster presentations provide an interactive platform for exchanging ideas, fostering collaboration, and gaining recognition within the international trichoscopy community.

Poster Submission Guidelines:

- **Abstract:** Submit a structured abstract of your research, including the background, objectives, methods, results, and conclusions. The abstract should not exceed 250 words.
- **Language:** All posters should be prepared and presented in English.
- **Authorship:** Clearly indicate the names, affiliations, and contact information of all contributing authors. The presenting author should be identified.
- **Submission Deadline:** Please submit your poster abstract and design in digital format by **February 29th 2024**. **Late submissions will not be considered.**

Acceptance Notification: Authors of accepted abstracts posters will be notified via email. Further instructions regarding poster presentation logistics and guidelines will be provided at that time. **In order to be considered as part of the selected posters, mandatory registration is required.**

- **Selection Process:** All submitted abstracts will undergo a peer-review process by our expert committee. The selection will be based on scientific merit, originality, relevance to the congress topics, and clarity of presentation.
- **Poster Format:** Create your poster using a standard template of size 36 inches (width) by 48 inches (height). Ensure that the content is visually appealing, concise, and clearly presents your research findings.
- **Poster Content:** Include sections such as Introduction, Methods, Results, Discussion, and Conclusion. Use appropriate headings, figures, tables, and references to support your work.

Presentation at the Congress: The presenting author is expected to attend the congress and present their poster during the designated poster sessions. Only 5 works will be selected for oral presentation. This will be an excellent opportunity to engage with fellow attendees, receive feedback, and exchange ideas.

For any further inquiries or submission details, please visit our official congress website or contact our organizing committee at itscongress@gmail.com

We look forward to receiving your submissions and welcoming you to an enriching scientific gathering at the International Trichoscopy Society 2024 Congress.

Sincerely,

A handwritten signature in black ink, appearing to read 'Daniel Asz-Sigall', with a stylized, overlapping flourish.

Daniel Asz-Sigall, MD.
President of the International Trichoscopy Society.
